# VISIT E&H 2018

- Denmark's largest trade fair for the construction and building industry

Bring your colleagues to the MCH Messecenter Herning - Outdoor Arena when Denmark's largest professional trade fair for the construction and building industry invites you for 3 days with full action.

Be inspired by the exhibitors' news, hear about the latest technologies, test your dream machines, and experience DM in construction machine mechanics, demonstrations of crushers and sorting machines and much more.

We note that E&H is an outdoor fair.  
We therefore recommend practical clothing.

**MCH** Messecenter Herning | Vardevej 1 | DK-7400 Herning

We would like to see you and colleagues at E & H 2018

Sincerely

**MCH**
